SUMMARY

Tech-savvy Executive Assistant with 3+ years of experience supporting a Founder across daily operations, cross-time-zone scheduling, business travel, and stakeholder communications. Built a Gemini-powered Gmail summarizer with Google Apps Script that cut inbox triage time, and brings hands-on experience in social media scheduling and full stack web development to streamline workflows. Keeps leaders organized, informed, and focused on the work that matters most.

PROFESSIONAL EXPERIENCE

Full Stack Developer - NANOlink Australia **(July 2026 - Present)**

- Build and maintain the company website, covering front end (HTML, CSS, JavaScript) and back end (Node.js, PHP, Python) development with a mobile-responsive design.
- Update the site with new products and bug fixes, optimize it for SEO, and secure user access using authentication (AWS Cognito, Auth0, Firebase) alongside databases (MySQL, PostgreSQL, MongoDB, DynamoDB) and AWS Lambda.

Content Manager - Knockdown Group **(August 2024 - December 2025)**

- Planned and managed the Facebook and Instagram posting schedule, publishing 2-3 posts per week on each platform through Meta Business Suite and timing posts around audience activity and Meta Insights data to maximize reach.
- Supported paid and organic campaigns within an allocated ad budget, reported on post and campaign performance, and promptly implemented website and landing page updates as requested.

Executive Assistant - Yobgoo International Corporation **(June 2022 - January 2024)**

- Served as the strategic right-hand to the Founder, managing daily operations, prioritizing meetings, and coordinating schedules across time zones. Screened communications with clients and partners using the full Google Workspace ecosystem (Calendar, Meet, Gmail, Drive, Docs, and Sheets).
- Built Google Apps Script automations with Gemini to summarize important Gmail emails into Google Docs, and handled all lodging, transportation, itineraries, agendas, and detailed meeting minutes for business trips and meetings.

EDUCATION

Bachelor of Science in Information Technology - University of Santo Tomas **(June 2026)**

Specialization: Network & Security
Academic Standing: (GWA: 1.75)
